

Introduction

Each Local Educational Agency (LEA), as a condition of receiving funds under the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA), has provided assurances to the New York State Education Department (NYSED or “the Department”) within its Consolidated Application for ESSA-Funded Programs.

The *2023-24 Desk Review* process is designed to review the District's implementation of programs to ensure that the District is fulfilling the assurances and program plans provided in the Consolidated Application for ESSA-Funded Programs, with the goal of ensuring that all children are provided significant opportunities to receive a fair, equitable, and high-quality education, and to close educational achievement gaps.

The *2023-24 Desk Review Indicators and Evidence Guide* should be used as a guide to gather meaningful evidence that demonstrates how the district began with needs identification, progressed through implementation of targeted strategies designed to meet identified needs, and evaluated the effectiveness of programs or strategies sourced with ESSA funds.

Questions may be directed to Office of ESSA-Funded Programs Staff at (518) 473-0295. Thank you for your cooperation.

Background/Instructions

Federal/State Program Requirement Quality Indicators

This review is divided into three sections and identifies district level programmatic and fiscal requirements under ESEA, as well as additional quality indicators/practices. Within each section there are general requirements which apply to all ESEA-Funded Programs as well as program specific requirements.

- [Section 1 – Programmatic Compliance](#)
- [Section 2 – Equitable Services Compliance](#)
- [Section 3 – Fiscal Compliance](#)

Instructions

Please upload material aligned with the appropriate indicator. The "**2023-24 Desk Review Indicators and Evidence Guide**" resource provides examples of evidence that may be used to demonstrate compliance with programmatic or fiscal requirements for each section and indicator within the protocol. A copy of the resource is in the [Documents](#) panel found along the left side of the screen.

The LEA should upload all documents to the business portal by the requested due date, **March 4, 2024**, to allow for ample review prior to an on-site visit. Although the NYSED Business Portal is secure, the LEA should not submit confidential personnel information.

LEAs are instructed to complete all sections, and are required to answer questions marked with a red asterisk. If a required question has not been completed, the business portal will highlight it in red and the section of the application will be flagged. The applicant will be unable to submit the application to NYSED for final review if a required question remains unresolved.

Applicants are not required to complete sections in order, and may access any section or page of the application by clicking on one of the links in the [Survey Navigation](#), or by clicking on the 'Save & Continue' button.

Please refer to the [Documents](#) panel of the application for additional information and access to forms and worksheets.

Compliance Status Definitions

- [Met Requirements](#) indicates that the LEA documents reviewed were fully in compliance with federal and State requirements.
- [Met Requirements with Recommendation](#) indicates that the LEA documents reviewed were in compliance with federal and State requirements, but that the LEA may improve the quality of their program implementation and/or documentation by implementing the NYSED-provided recommendations. Recommendations serve as technical assistance and the LEA is not required to take immediate action.
- [Partially Met Requirements with Required Action](#) indicates that the LEA documents reviewed were substantially in compliance with federal and State requirements, but that the LEA must improve the quality of their program implementation and/or documentation by implementing the NYSED-directed action. The LEA is required to respond to a required action within its Corrective Action Plan.
- [Finding with Corrective Action](#) indicates that the LEA is not in compliance with federal and State requirements. The LEA must implement the NYSED-directed Corrective Action(s) within its Corrective Action Plan.
