

Integrating Science And Language For All Students With A Focus On English Language Learners

Brief 2 of 7

SCIENCE AND LANGUAGE WITFEG.O

Benefits of this course provide language in the field

Science Instructional Shifts

Science Instructional Shifts are based on the NRC Science Education Reform Study (NRC SERS) and the NRC Science Education Reform Study (NRC SERS) findings.

Language Instructional Shifts

As students do science, they use language. In particular, science and engineering practices are language-intensive, presenting both language opportunities and demands for ELLs.
