Revised

Henry Grishman, Superintendent
Jericho Union Free School District
99 Cedar Swamp Road
Jericho, NY 11753

Dear Superintendent Henry Grishman:

Congratulations. I am pleased to inform you that your Annual Professional Performance Review (APPR) plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 of the & R P P L V V L F R Q H [X O W D W L R Q VE HDQQS SKDVHa reminder, we are relying on the information you provided on your APPR form, including the certifications and assurances that are part of your approved APPR plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visits category, and/or if the teacher V or principal V overall ratings and subcomponent scores show little differentiation across educators and/or the lack of differentiation is not justified by equivalently consistent student achievement results, and/or if schools or districts show a pattern of anomalous results in the Student Performance category and/or the Observation/School Visits category.

The New York State Education Department and I look forward to continuing our work together, with the goal of ensuring that every school has world-class educators in the classroom, every teacher has a world-class principal to support h/TT5 s

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Each teacher shall have a Student Learning Objective (SLO) locally determined, consistent with the goal-setting process determined by the Commissioner.

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used for the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Teacher and course-specific

- **Teacher and course-specific results**: scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> School- or program-wide

- **School- or program-wide results**: scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

Page Last Modified: 07/20/2021

Common Branch Grade One Measures and Assessments

Please indicate below which of the three available measure types will be used for grade one teachers, then choose the specific measure, corresponding assessment type(s), and applicable assessment(s).

Note For LEAs that may use both a common branch and departmentalized model for grade one:
- Complete this section accordingly for common branch teachers.
- In the “Other Courses” section of Task 2, select the “Elementary” option for applicable subjects in the “Subject4be-2ro9416 re f 75 264e(21iranct4bng

Grade Four

Please identify below whether grade four instruction is common branch or departmentalized; indicate which of the three available measure types will be used for grade four teachers; and then choose the specific measure, corresponding assessment type(s), and applicable assessment(s).

Note For LEAs that may use both a common branch and departmentalized model for grade four:

- Select the applicable "Departmentalized" option below and complete the remainder of this section accordingly.
- In the “Other Courses” section of Task 2, select “Common Branch” in the “Subject” column with the corresponding grade(s) and complete the remainder of that entry

High School English Language Arts

Note: Additional high school English courses may be included in the "Other Courses" section.

Please identify below whether all high school ELA teachers use the same type of measure and assessment(s) or if the measures and assessments vary by grade level; indicate which of the three available measure types will be used for high school ELA teachers; and then choose the specific measure, corresponding assessment type(s), and applicable assessment(s).

An individually attributed SLO measure

> Teacher and course-specific

- **Teacher and course-specific results**: scores and ratings will be based on the growth of students in the teacher's course in the current school year.

A collectively attributed SLO measure

> School- or program-wide

- **School- or program-wide results**: scores and ratings will be based on the growth of all students in a school or program who take the applicable assessments in the current school year.
- **School- or program-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses in the current school year.
- **School- or program-wide linked results**: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

> District- or BOCES-wide

- **District- or BOCES-wide results**: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

Please indicate whether grades 9 through 12 ELA teachers use the same type of measure and assessment(s) or if the measures and assessments vary by grade level.

☑ All high school ELA teachers use the same type of measure and assessment(s)

Use of the Optional Subcomponent and Student Performance Category Weighting

Page Last Modified: 07/20/2021

Optional Student Performance Subcomponent

For guidance on the Optional subcomponent of the Student Performance measure, see NYSED APPR Guidance.

Percentage of Student Performance category to be locally determined if selected.

Such second measure shall apply in a consistent manner, to the extent practicable, across all classrooms in the same grade/subject in the LEA and be a locally selected measure of student growth or achievement based on State-created or -administered assessments or State-designed supplemental assessments.

Options for measures and associated assessments include:

- **Option (A) A second SLO, provided that this SLO is different than that used in the required subcomponent;**
- **Option (B) A growth score based on a statistical growth model, where available, for either State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (C) A measure of student growth, other than an SLO, based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (D) A performance index based on State-created or -administered assessments or State-designed supplemental assessments;**
- **Option (E) An achievement benchmark on State-created or -administered assessments or State-designed supplemental assessments; or**
- **Any other collectively bargained measure of student growth or achievement included in the LEA's evaluation plan.**

Please indicate if the Optional subcomponent will be used by making the appropriate selection below.

NO, the Optional subcomponent WILL NOT be used in the Student Performance category for any teacher.

Page Last Modified: 09/10/2021

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified below, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.*

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Highly Effective:	3.50	4.00

Please select a minimum value between 2.50 and 2.75 and a maximum value between 3.49 and 3.74 for the Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Effective:	2.60	3.49

Please select a minimum value between 1.50 and 1.75 and a maximum value between 2.49 and 2.74 for the Developing range.

Page Last Modified: 07/20/2021

Optional Subcomponent: Observations by Trained Peer Observer(s)

If selected, at least one observation must be conducted by trained peer observer(s).

- Peer teachers are trained and selected by the LEA.
- Trained peer teachers must hagoJosA22p.von mud14.2 144.9 30 re f 3453e43 1 Tf 0.25 -6A§3 30 re f 345 u2o132 cm 0.5 w 2 .5 0 r or Hc3das 0.:.5 0 r or4. Tj Ep94Roc*ctoh

Task 5. TEACHERS: Overall Scoring - Category and Overall Ratings

Page Last Modified: 08/02/2019

Category and Overall Ratings

For guidance on APPR scoring, see NYSED APPR Guidance.

Category Scoring Ranges

The overall Student Performance category score and the overall Observation category score will be converted into a HEDI rating based on the ranges listed in the tables below.

Student Performance Category

HEDI ratings must be assigned based on the point distribution below.

	Overall Student Performance Category Score and Rating	
	Minimum	Maximum
H	18	20

Teacher Observation

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

	Overall Observation Category Category Score and Rating	
	Minimum	Maximum

Page Last Modified: 09/01/2021

Additional Requirements

For more information on the additional requirements for teachers, see NYSED APPR Guidance.

Teacher Improvement Plan Assurances

Please check each of the boxes below.

- ☑ Assure that the LEA will formulate and commence implementation of a Teacher Improvement Plan (TIP) for all teachers who receive an overall rating of Developing or Ineffective by October 1 following the school year for which such teacher's performance is being measured or as soon as practicable thereafter.
- ☑ Assure that TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of their pedagogical judgment, and subject to collective bargaining to the extent required under article 14 of the Civil Service Law, shall include: identification of needed areas of improvement, a timeline for achieving improvement, the manner in which the improvement will be assessed, and, where appropriate, differentiated activities to support a teacher's improvement in those areas.

Teacher Improvement Plan Forms

All TIP plans developed and implemented by the superintendent or his/her designee, in the exercise of his/her pedagogical judgment, must include:

1) identification of needed areas of improvement;
2) a timeline for achieving improvement;
3) the manner in which the improvement will be assessed; and, where appropriate,
4) differentiated activities to support a teacher's improvement in those areas.

As a required attachment to this APPR plan, upload the TIP forms that are used in the LEA.

Teacher_Improvement_Plan_Form_2.doc

Page Last Modified: 09/01/2021

Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a teacher may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the teacher improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Any teacher who receives an Ineffective rating, based upon the total overall rating, can appeal to the Superintendent of Schools for a hearing on or after September 1st of the year following the school year for which the teacher is being evaluated, or on the date upon which the teacher receives the total overall rating. Ineffective teachers may appeal based upon the following:

- The substance of the annual professional performance review; which shall include the following: (i) in the instance of a teacher rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally.
- The school district’s adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d
- Adherence to the Commissioner’s regulations, as applicable to such reviews
- Compliance with any locally-negotiated procedures applicable to annual professional performance reviews or improvement plans
- The school district’s issuance and/or implementation of the terms of the teacher improvement plan under Education Law §3012-d

All appeals must be filed by October 1st of the year following the school year for which the teacher is being evaluated. The appeals hearing must take place within ten (10) business days of the request. In the hearing process, the teacher and a teachers’ association member, as requested, will be permitted to present evidence and argument as to why the Ineffective rating is invalid. The Superintendent of Schools will render a decision within five (5) business days of the conclusion of the hearing.

Page Last Modified: 09/10/2021

Training Assurance

Please check the box below.

☑ The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on elements 1, 2, and 4 below.

Training of Lead Evaluators, Evaluators, Independent Observers, and Peer Observers and Certification of Lead Evaluators

The process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators must include:

1) the process for training lead evaluators and evaluators, including impartial independent observers and peer observers;
2) the process for the certification and re-certification of lead evaluators;
3) the process for ensuring inter-rater reliability; and
4) the nature (content) and the approximate duration (how many hours, days) of such training.

Describe the process for training evaluators, including impartial and independent observers and peer observers, and certifying and re-certifying lead evaluators.

All evaluators (lead evaluators, independent evaluators, and evaluators) will be certified by the superintendent after completing specific training on the Danielson rubric and evidence-based observation practice during a one-day training session provided by ASCD. The superintendent re-certifies all current evaluators on an annual basis after annual completion of at least three hours of training by district personnel or ASCD staff developer to ensure alignment, evidence-based observation practices and exercises to ensure inter-rater reliability, including common building observation, review, discussion, and reflection. The training and retraining will address the nine elements of training in Regents rules 30-3.10.
Peer observers are not part of the APPR process.

Page Last Modified: 07/20/2021

Teacher Evaluation Assurances

Please check all of the boxes below.

- ☑ Assure that the LEA shall compute and provide to the teacher their score and rating for the Student Performance category, if available, and for the Teacher Observation category for the teacher's Annual Professional Performance Review, in writing, no later than the last school day of the school year for which the teacher is being measured, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.
- ☑ Assure that the evaluation system will be used as a significant factor for employment decisions.
- ☑ Assure that teachers will receive timely and constructive feedback as part of the evaluation process.
- ☑ Assure that the following prohibited elements listed in Education Law Section 3012-d(6) are not being used as part of any teacher's evaluation: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; use of professional goal-setting as evidence of teacher effectiveness; any locally-developed assessment that has not been approved by the Department; and any growth or achievement target that does not meet the minimum standards as set forth in regulations of the Commissioner. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- ☑ Assure that the LEA shall compute and provide teachers with their APPR scores and ratings as soon as practicable, but in no case later than September 1 of the school year next following the school year for which the teacher's performance is being measured.

Assessment Assurances

Please check all of the boxes below.

- ☑ Assure that the amount of time devoted to traditional standardized assessments that are not specifically required by state or federal law for each classroom or program within a grade level does not exceed, in the aggregate, one percent of the minimum required annual instructional hours for the grade.
- ☑ Assure that individuals with vested interest in the outcome of their assessments are not involved, to the extent practicable, in the scoring of those assessments.

Data Assurances

Please check all of the boxes below.

- ☑ Assure that SED will receive accurate teacher and student data, including enrollment and attendance data, and any other student, teacher, school, course, and teacher/student linkage data necessary to comply with regulations, in a format and timeline prescribed by the Commissioner.
- ☑ Assure that the LEA provides an opportunity for every classroom teacher to verify the subjects and/or student rosters assigned to them.
- ☑ Assure scores for all teachers will be reported to NYSED for each subcomponent, as well as the overall rating, as per NYSED requirements.
- ☑ Assure that procedures for ensuring data accuracy and integrity are being utilized.

Required Student Performance Subcomponent

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance.

100% of the Student Performance category if only the Required subcomponent is used or locally determined if the Optional subcomponent is selected.

Required Student Performance Measures

Student performance for prinicpals may be measured by either a student learning objectives (SLO) or an Input Model where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> Principal and building/program-specific

- **Principal and building/program-specific results**: scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support an LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> District- or BOCES-wide

- **District- or BOCES-wide results**: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the group/team of principals' buildings/programs in an LEA in the current school year.

ASSESSMENTS

Any of the measures above may be used with one or more of the following assessment types.

- **State assessment(s)**; or

  Assessment(s) that are selected from the list of State-approved:

- **third party assessments**; or
- **locally-developed assessments** (district-, BOCES- or regionally-developed).

INPUT MODEL

Selection of the Input Model will require:

- a description of the areas of principal practice that will be evaluated;
- a description of how the selected areas of principal practice promote student growth;
- a description of the evidence of student growth and principal practice that will be collected; and
- a description of how the district will use the evidence to differentiate effectiveness resulting in a score from 0 to 20 and ratings of Highly Effective, Effective, Developing, or Ineffective.

Assurances

Please check all of the boxes below.

- ☑ Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.
- ☑ For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- ☑ For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- ☑ For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- ☑ For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- ☑ For principals evaluated using an input model, assure that all applicable principals will be evaluated using the procedures described herein and approved by the Commissioner.
- ☑ Assure that processes are in place for the superintendent to monitor SLOs and input models.
- ☑ Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved APPR plan.

Required Student Performance for Principals

Please choose the option that best describes the required student performance subcomponent for principals in your LEA.

- ☑ The same measure(s) and assessment(s) will be used for all principals
- ☐ Different measure(s) and assessment(s) will be used for different grade configurations/programs

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 7. PRINCIPALS: Required Student Performance - All Principals

Page Last Modified: 07/20/2021

All Principals

Please indicate how student performance will be measured for principals, then choose the specific measure, corresponding assessment type(s) and assessment(s), as applicable.

Student performance based on a Student Learning Objective (SLO)

An individually attributed SLO measure

> Principal and building/program-specific

- **Principal and building/program-specific results**: scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

A collectively attributed SLO measure

> District- or BOCES-wide

- **District- or BOCES-wide results**: scores and ratings will be based on the growth of all students across buildings/programs in an LEA who take the applicable assessments in the current school year.
- **District- or BOCES-wide group or team results**: scores and ratings for a group or team of principals will be based on the growth of students in the nts in the nts ill be curvo

Please describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Your description should provide the complete process, including the following:

- **The process for designating observable components (please note: all principals of the same building configuration/program must be evaluated based on the same set of observable components);**
- **The level at which components of the chosen rubric are rated (i.e., domain, subdomain, indicator, etc.);**
- **How the final score and rating for each observable component of the practice rubric is determined for each observer; and**
- **How the final score for the required (i.e., lead evaluator/evaluator; independent evaluator) and/or optional (peer principal, as applicable) subcomponent of the School Visit category is determined based on the final score and rating for each observable component.**

Example: All subcomponents of Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 1, 2 and 3 are weighted as 30% each, and Domain 4 is weighted as 10%. For each school visit, all observed subcomponents in a domain are weighted equally and averaged to create a domain score, which is then weighted as above and averaged to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The district will ensure that all subcomponents designated as observable will be observed at least once across the school visit cycle.

All subcomponents of the MPPR rubric have been negotiated as observable.
The district will ensure that all subcomponents designated will be observed at least once across the school visit cycle.
For each school visit, all observed subcomponents are weighted equally and averaged to create a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each evaluator type.

Scoring Assurances

Please check each of the boxes below.

- ☑ Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- ☑ Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified below, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

Principal School Visit Scoring Bands

The overall School Visit score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall School Visit Category Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

** In the event that an educator earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.*

Page Last Modified: 09/01/2021

HEDI Ranges

Using the dropdown menus below, please indicate the locally-determined rubric scoring ranges based on the constraints prescribed by the Commissioner in Subpart 30-3 of the Rules of the Board of Regents for each of the rating categories.

Please select a minimum value between 3.50 and 3.75 and choose 4.00 as the maximum value for the Highly Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Highly Effective:	3.50	4.00

Please select a minimum value between 2.50 and 2.75 and a maximum value between 3.49 and 3.74 for the Effective range.

	Minimum Rubric Score	Maximum Rubric Score
Effective:	2.60	3.49

Please select a minimum value between 1.50 and 1.75 and a maximum value between 2.49 and 2.74 for the Developing range.

	Minimum Rubric Score	Maximum Rubric Score
Developing:	1.50	2.59

Please choose 0.00 as the minimum value and select a maximum value between 1.49 and 1.74 for the Ineffective range.

	Minimum Rubric Score	Maximum Rubric Score
Ineffective:	0.00	1.49

Optional Subcomponent: School Visits by Trained Peer Principal(s)

If selected, at least one school visit must be conducted by trained peer principal(s).

- Peer principals are trained and selected by the LEA.
- Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.
- School visits may not occur by live or recorded video.

Indicate the minimum number of unannounced and announced school visits by trained peer principal(s) in the table below.

If the optional subcomponent will not be used, please indicate "N/A" for the minimum number for both unannounced and announced school visits for "All Principals."

PRINCIPALS *Indicate whether the number and method selected applies to all principals or to a subgroup of principals.*	**SUBGROUP** *If "Subgroup of Principals" is selected in the previous column, indicate which principals the number and method selected applies to; otherwise, enter "N/A." For additional subgroups, add another row.*		

Annual Professional Performance Review - Education Law §3012-d, amended in 2019

Task 10. PRINCIPALS: Overall Scoring - Category and Overall Ratings

Page Last Modified: 08/02/2019

Category and Overall Ratings

For guidance on APPR scoring, see NYSED APPR Guidance.

Category Scoring Ranges

The overall Student Performance category score and the overall School Visit category score will be converted into a HEDI rating based on the ranges listed in the tables below.

Student Performance Category

HEDI ratings must be assigned based on the point distribution below.

Principal School Visit Category

HEDI ratings must be assigned based on locally-determined ranges consistent with the constraints listed below.

Page Last Modified: 09/01/2021

Appeal Assurance

Please check the box below.

☑ Assure the LEA has collectively bargained appeal procedures that are consistent with the regulations and that they provide for the timely and expeditious resolution of an appeal.

Appeals

Pursuant to Education Law §3012-d, a principal may only challenge the following in an appeal to their LEA:

(1) the substance of the annual professional performance review; which shall include the following:

(i) in the instance of a principal rated Ineffective on the student performance category, but rated Highly Effective on the school visit category based on an anomaly, as determined locally;

(2) the LEA's adherence to the standards and methodologies required for such reviews, pursuant to Education Law §3012-d;

(3) the adherence to the regulations of the Commissioner and compliance with any applicable locally negotiated procedures, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents; and

(4) the LEA's issuance and/or implementation of the terms of the principal improvement plan, as required under Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

Describe the procedure for ensuring that appeals of annual performance evaluations will be resolved in a timely and expeditious manner.

Any principal who receives an Ineffective rating, based upon the total overall rating, can appeal to the Superintendent of Schools for a hearing on or after September 1st of the year following the school year for which the principal is being evaluated, or on the date upon which the principal receives the overall rating. Ineffective principals may appeal based upon the following:

- The substance of the annual professional performance review; which shall include the following: (i) in the instance of a principal rated Ineffective on the Student Performance category, but rated Highly Effective on the Observation category based on an anomaly, as determined locally.
- The school district's adherence to the standards and methodologies required for such reviews, pursuant to Education Law 3012-d.
- Adherence to the Commissioner's regulations, as applicable to such reviews.
- Compliance with any locally-negotiated procedures applicable to annual professional performance reviews or Improvement Plans.
- The school district's issuance and/or implementation of the terms of the principal improvement plan under Education Law 3012-d.

All appeals must be filed by October 1st of the year following the school year for which the principal is being evaluated. The appeals hearing must take place within ten(10) business days of the request. In the hearing process, the principal and a principals' association member, as requested, will be permitted to present evidence and argument as to why the Ineffective rating is invalid. The Superintendent of Schools will render a decision within five (5) business days of the conclusion of the hearing.
