For guidance related to Educator Evaluation plans, see NYSED Educator Evaluation Guidance. For a definition of terms related to Educator Evaluation, see the Educator Evaluation Glossary.

The Department will review the contents of each local educational agency's (LEA) Educator Evaluation plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented Educator Evaluation plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart

Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 04/05/2023

At what level are the observable components of the selected rubric(s) rated?

- Subcomponent level (each observable subcomponent receives a rating)

How are the observable components of the selected rubric(s) weighted?

- Each component is weighted equally and averaged

Scoring the Observation Category

If an evaluator conducts multiple observations of the same type, how are those observations weighted?

Examples of observations of the same type include but are not limited to:

Two observations by the principal with one early in the school year weighted at 40% and one late in the school year weighted at 60%.

Two observations by the principal, with one holistic score for each component of the rubric based on the preponderance of evidence over both observations.

Please note: Weighting across observation type (i.e. Principal vs. Independent Evaluator) are described in the following section.

- Multiple observations of the same type are weighted equally

Please read the assurances below and check each box.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in the next section, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category	
	Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

\* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

**Teacher Observation Subcomponent Weighting**

For a definition of terms used in this section, see the Educator Evaluation Glossary.

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least 80% of the Teacher Observation category score

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)\*

- At least 10%, but no more than 20%, of the Teacher Observation category score

Optional Subcomponent: Observations by Trained Peer Observer(s)

- No more than 10% of the Teacher Observation category score when selected

Please be sure the total of the weights indicated equals 100%.

\* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. ## Educator Evaluation - Ed Law §3012-d, amended in 2019

## Task 4. TEACHERS: Observations - Teacher Observations

Page Last Modified: 04/05/2023

## Teacher Observation

The teacher observation category is made up of two (2) required and one (1) optional subcomponents.

The frequency and duration of observations are locally determined.

Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.

LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct observations in addition to those required by this section for non-evaluative purposes.

## Required Subcomponents

At least one of the required observations must be unannounced (across both required subcomponents).

## Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

At least one observation must be conducted by the building principal or other trained administrator.

## Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)\*

At least one observation must be conducted by an impartial independent trained evaluator.

Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.

\* The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

## Optional Subcomponent: Observations by Trained Peer Observer(s)

If selected, at least one observation must be conducted by a trained peer observer.

Peer teachers are trained and selected by the LEA. Trained peer teachers must have received an overall rating of Effective or Highly Effective in the prior school year.

## Observation Assurances

Please read the assurances below and check each box.

- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- Assure that at least one of the required observations will be unannounced.

## Number and Method of Observation

At least one of the required observations must be unannounced (across both required subcomponents).

Required Subcomponent 1: At least one observation must be conducted by the building principal or other

- For principals evaluated using an SLO, assure that such SLO is determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- For principals evaluated using an SLO, assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- For principals evaluated using an SLO, assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- For principals evaluated using an SLO, assure that if the principal's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.

Page Last Modified: 04/05/2023

Please read the assurances below and check each box.

- Assure that the designation of components of the selected practice rubric as observable is locally negotiated.
- Assure that all components of the selected practice rubric designated as observable are assessed at least once, and that each of the ISLLC 2008 Leadership Standards (PSEL standards beginning in 2024-25) is covered, across the total number of annual school visits.
- Assure that a component designated as ineffective is rated one (1), a component designated as developing is rated two (2), a component designated as effective is rated three (3), and a component designated as highly effective is rated four (4).
- Assure that the process for assigning scores and/or ratings for each principal school visit is consistent with locally determined processes, including practice rubric component weighting consistent with the description in this plan.

At what level are the observable components of the selected rubric(s) rated?

- Domain level (holistic rating of domain)

How are the observable components of the selected rubric(s) weighted?

- Each component is weighted equally and averaged

## Scoring the School Visit Category

If an evaluator conducts multiple school visits of the same type, how are those school visits weighted?

Examples of school visits of the same type include but are not limited to:

Two school visits by the superintendent with one early in the school year to discuss organizational goals and areas for progress weighted at 40% and one late in the school year to present evidence aligned to goals and areas for progress weighted at 60%

Several school visits by the principal with one holistic score for each component of the rubric based on evidence collected and observed over the course of the school year.

Please note: Weighting across school visit type (i.e. Supervisor vs. Independent Evaluator) are described in the following section.

- Multiple school visits of the same type are weighted equally

Please read the assurances below and check each box.

- Assure that each set of school visits (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted school visit score will be converted into a HEDI rating using the ranges indicated below.
- Assure that once all school visits are complete, the different types of school visits will be combined using a weighted average consistent with the weights specified in the next section, producing an overall School Visit category score between 0 and 4. In the event that a principal earns a score of 1 on all rated components of the practice rubric across all school visits, a score of 0 will be assigned.

The frequency and duration of school visits are locally determined.

School visits may not occur by live or recorded video.

LEAs may locally determine whether to use more than one school visit by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct school visits in addition to those required by this section for non-evaluative purposes.

## Required Subcomponents

At least one of the required school visits must be unannounced (across both required subcomponents).

Required Subcomponent 1: School Visits by Supervisor(s) or Other Trained Administrator(s)

At least one school visit must be conducted by the superintendent or other trained administrator.

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)\*

At least one school visits must be conducted by an impartial independent trained evaluator.

Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.

\* The process selected for conducting school visits, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.

Optional Subcomponent: School Visits by Trained Peer Principal(s)

If selected, at least one school visit must be conducted by a trained peer principal.

Peer principals are trained and selected by the LEA. Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.

## School Visit Assurances

Please read the assurances below and check each box.

Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all school visits for principals will be conducted pursuant to the locally-determined durations.
- Assure that at least one of the required school visits will be unannounced.
- Assure that school visits will not be conducted via video.

Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.

Please check all that apply.

Data analysis to detect disparities on the part of the evaluators

Periodic comparisons of an evaluator's assessment of the same building principal
