Aaron Johnson, Superintendent
West Irondequoit Central School District
321 List Ave.
Rochester, NY 14617

Dear Superintendent Johnson:

Congratulations. I am pleased to inform you that your educator evaluation plan meets the criteria outlined in Education Law §3012-d and Subpart 30-3 and has been approved. As a reminder, we are relying on the information you provided on your educator evaluation form, including the certifications and assurances that are part of your approved plan. If any material changes are made to your approved plan, your district/BOCES must submit such material changes to us for approval. Please see the attached notes for further information.

Please be advised that, pursuant to Education Law §3012-d, the Department will be analyzing data supplied by districts, BOCES, and/or schools and may order a corrective action plan if there are unacceptably low correlation results between the Student Performance category and the Teacher Observation or Principal School Visit category, and/or if the teacher or principal overall ratings and subcomponent scores

For guidance related to Educator Evaluation plans, see NYSED Educator Evaluation Guidance. For a definition of terms related to Educator Evaluation, see the Educator Evaluation Glossary.

The Department will review the contents of each local educational agency's (LEA) Educator Evaluation plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented Educator Evaluation plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this Educator Evaluation plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the Educator Evaluation plan approved by the Department. The Department also reserves the right to request further information from the LEA, as necessary, as part of its review of this plan.

If the Department reasonably believes through investigation, or otherwise, that statements made in this Educator Evaluation plan are not true or accurate, it reserves the right to reject or disapprove this plan at any time and/or to request additional information to determine the truth and/or accuracy of such statements.

Educator Evaluation Assurances**Please read the assurances below and check each box.**

- Assure that it is understood that this LEA's Educator Evaluation plan will be posted in its entirety on the NYSED website following approval.

Educator Evaluation - Ed Law §3012-d, amended in 2019Task 2. TEACHERS: Required Student Performance - Student Learning Objectives

Page Last Modified: 02/09/2023

Student Learning Objectives (SLOs)

For guidance on SLOs, see NYSED SLO Guidance.

SLOs shall be used as the required student performance measure for all teachers. The following must be used as the evidence of student learning within the SLO.

MEASURES

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the student population of a course for which the teacher directly contributes to student learning outcomes.

> Individually attributed results: scores and ratings will be based on the growth of students in the teacher's course in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple sections of the same course or across multiple courses where more than one teacher either directly or indirectly contributes to student learning outcomes. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where teachers have an opportunity to collectively impact student learning;
- identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> Collectively attributed results: scores and ratings will be based on the growth of all students in a school or program or students across buildings/programs in an LEA who take the applicable assessments in the current school year.

> Collectively attributed group or team results: scores and ratings for a group or team of teachers will be based on the growth of students in the group/team of teachers' courses or students in the group/team of teachers' courses across buildings/programs in an LEA in the current school year.

> Collectively attributed linked results: scores and ratings will be based on the growth of students enrolled in the teacher's course in the current school year taking assessments in other grades/subjects.

SLO Assurances

Please read the assurances below and check each box.

- Assure that each teacher has an SLO as determined locally in a manner consistent with the goal-setting process determined by the Commissioner.
- Assure that all student growth targets represent a minimum of one year of expected growth, as determined locally in a manner consistent with the Commissioner's goal-setting process. Such targets may only take the following characteristics into account: poverty, students with disabilities, English language learner status and prior academic history.
- Assure that all student growth targets shall measure the change in a student's performance between the baseline and the end of the course.
- Assure that if a teacher's SLO is based on a small 'n' size population and the LEA chooses not to use the HEDI scoring bands listed above, then the teacher's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in SLO Guidance.
- Assure that processes are in place for the superintendent to monitor SLOs.
- Assure that the final Student Performance category rating for each teacher will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents and the approved Educator Evaluation plan.
- Assure that for any SLO based, in part, on the New York State grade four science assessment, once the assessment is no longer administered the SLO will utilize only the remaining assessments.

Educator Evaluation - Ed Law §3012-d, amended in 2019**Task 4. TEACHERS: Observations - Teacher Observations**

Page Last Modified: 02/03/2023

Teacher Observation**The teacher observation category is made up of two (2) required and one (1) optional subcomponents.**

- The frequency and duration of observations are locally determined.
 - Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.
 - LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct observations in addition to those required by this section for non-evaluative purposes.
-

Required Subcomponents

- At least one of the required observations **must be unannounced (across both required subcomponents).**

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least one observation **must be conducted by the building principal or other trained administrator.**

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

- At least one observation **must be conducted by an impartial independent trained evaluator.**
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.

* *The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.*

Optional Subcomponent: Observations by Trained Peer Observer(s)

- **If selected, at least one observation must be conducted by a trained peer observer.**
- Peer teachers are trained and selected by the LEA. Trained peer teachers must have received an overall rating of Effective or Highly Effective in the prior school year.

Observation Assurances**Please read the assurances below and check each box.**

- Assure that the following elements will not be used in calculating a teacher's Observation category score and rating: evidence of student development and performance derived from lesson plans, other artifacts of teacher practice, and student portfolios, except for student portfolios measured by a State-approved rubric where permitted by the Department; use of an instrument for parent or student feedback; and/or use of professional goal-setting as evidence of teacher effectiveness. Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.
- Assure that the length of all observations for teachers will be conducted pursuant to the locally-determined durations.
- Assure that at least one of the required observations will be unannounced.

Number and Method of Observation

- At least one of the required observations **must be unannounced (across both required subcomponents).**
 - **Required Subcomponent 1: At least one observation must be conducted by the building principal or other**

Training Assurance**Please read the assurance below and check the box.**

The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a teacher's evaluation. Note: independent observers and peer observers need only be trained on, at a minimum, elements 1, 2, and 4 below.

1. The New York State Teaching Standards, and their related elements and performance indicators
2. Evidence-based observation techniques that are grounded in research
3. Application and use of any methodology as part of an SLO and any optional second measures of student performance used by the LEA to evaluate its teachers
4. Application and use of the State-approved teacher rubric(s) selected by the LEA for use in evaluations, including training on the effective application of such rubrics to observe a teacher's practice
5. Application and use of any assessment tools that the LEA utilizes to evaluate its classroom teachers
6. Application and use of any locally selected measures of student growth used in the Optional subcomponent of the Student Performance category used by the LEA to evaluate its teachers
7. Use of the Statewide Instructional Reporting System
8. The scoring methodology utilized by the Department and/or the LEA to evaluate a teacher under this Subpart, including the weightings of each subcomponent within a category; how overall scores/ratings are generated for each subcomponent and category and application and use of the evaluation matrix(es) prescribed by the Commissioner for the four designated rating categories used for the teacher's overall rating and their category ratings
9. Specific considerations in evaluating teachers of English language learners and students with disabilities

Training of Lead Evaluators, Evaluators, Independent Evaluators, and Peer Observers and Certification of Lead Evaluators

For a definition of terms used in this section, please see the Educator Evaluation Glossary.

Please answer the questions below to describe the training process for all evaluators.

Evaluator Training**Please identify the entity responsible for training and retraining evaluators.****Check all that apply.**

- BOCES (BOCES trains component district)
- District/BOCES (LEA conducts their own training)

Please read the assurance below and check the box.

Assure that the duration of training and retraining is sufficient to train on all 9 elements from Section 30-3.10 of the Rules of the Board of Regents (which includes, but is not limited to, training on the proper application or use of the rubric).

Initial training**Do all evaluators receive the same initial training?**

- Yes, all evaluators receive the same initial training.

Page Last Modified: 02/03/2023

Approximately how many hours of initial training will new evaluators receive?

-
- 1-3 days

Retraining**Approximately how many hours of re-training (annual, periodic, or other frequency) will evaluators receive?**

-
- 1-3 days

Certification of Lead Evaluators**How often are lead evaluators certified?**

-
- Annually

Please identify the party responsible for the certification and re-certification of lead evaluators.

-
- Superintendent/District Superintendent

Please read the assurance below and check the box.

-
- If the Superintendent/District Superintendent or other party is the entity certifying evaluators, and also acts in the capacity of an evaluator, please assure that the certification process, including such self-certification, is implemented with fidelity.

Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the observation process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that observations are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.***Please check all that apply.***

-
- Data analysis to detect disparities on the part of the evaluators
-
-
- Periodic comparisons of an evaluator's assessment of the same classroom teacher
-
-
- Periodic calibration meetings and/or trainings

Required Student Performance Measures

The required student performance measure for a principal may be either a student learning objective (SLO) or an input model, where the principal's overall rating shall be determined based on evidence of principal practice that promotes student growth related to the Leadership Standards.

STUDENT LEARNING OBJECTIVES

For guidance on SLOs, see NYSED SLO Guidance.

SLO measures may be either individually attributed or collectively attributed.

Individually attributed measures

An individually attributed SLO is based on the learning outcomes of a student population within the principal's building or program.

> *Individually attributed results:* scores and ratings will be based on the growth of students in the principal's building/program in the current school year.

Collectively attributed measures

A collectively attributed SLO is based on a student population across multiple buildings/programs of similar grade configuration or across multiple building/programs where the learning activities of one building/program indirectly contribute to student learning outcomes in another building/program. When determining whether to use a collectively attributed SLO, the LEA should consider:

- identifying which measures and assessments could be used to encourage partnerships or teams where there is an opportunity for a collective impact on student learning;
- identifying which assessments could be used to help foster and support the LEA's focus on a specific priority area(s);
- the impact on the LEA's ability to make strong and equitable inferences regarding an individual educator's effectiveness; and
- when using multiple measures, the appropriate weight of each measure that reflects individually and collectively attributed results.

> *Collectively attributed results:* scores and ratings for the selected principals will be based on the growth of students in an LEA who take the applicable assessments in the current school year.

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

For the school visit category, principals' shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess principal practice based on ISLLC 2008 Standards (PSEL standards beginning in 2024-25).

- At least 10%, but no more than 20%, of the Principal School Visit category score

Optional Subcomponent: School visits by Trained Peer Principal(s)

However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Principal School Visits**The principal school visit category is made up of two (2) required and one (1) optional subcomponents.**

- The frequency and duration of school visits are locally determined.
 - School visits may not occur by live or recorded video.
 - LEAs may locally determine whether to use more than one school visit by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct school visits in addition to those required by this section for non-evaluative purposes.
-

Required Subcomponents

- At least one of the required school visits **must be unannounced (across both required subcomponents).**

Required Subcomponent 1: School Visits by Supervisor(s) or Other Trained Administrator(s)

- At least one school visit **must be conducted by the superintendent or other trained administrator.**

Required Subcomponent 2: School visits by Impartial Independent Trained Evaluator(s)*

- At least one school visits **must be conducted by an impartial independent trained evaluator.**
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the principal being evaluated. This could include other administrators, department chairs, or peers, so long as they are not from the same building (defined as same BEDS code) as the principal being evaluated.

** The process selected for conducting school visits, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.*

Optional Subcomponent: School Visits by Trained Peer Principal(s)

- **If selected, at least one school visit must be conducted by a trained peer principal.**
- Peer principals are trained and selected by the LEA. Trained peer principals must have received an overall rating of Effective or Highly Effective in the prior school year.

School Visit Assurances**Please read the assurances below and check each box.**

Consistent with Subpart 30-3 of the Rules of the Board of Regents, assure that points shall not be allocated based on any artifacts, unless such artifact constitutes evidence of an otherwise observable rubric subcomponent.

Training Assurance

Please read the assurance below and check the box.

The LEA assures that all evaluators will be properly trained and lead evaluators will be certified on the below elements prior to completing a principal's evaluation. Note: independent evaluators and peer principals need only be trained on, at a minimum, elements 1, 2, and 4 below.

1. The Leadership Standards and their related functions, as applicable
2. Evidence-based observation techniques that are grounded in research

Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.***Please check all that apply.***

-
- Data analysis to detect disparities on the part of the evaluators
-
-
- Periodic comparisons of an evaluator's assessment of the same building principal

-
- Periodic calibration meetings and/or trainings
